A Natural Bern Spender. When a long forgotten cousin died and left Miss Mitfield a round hun-

dred thousand the entire village, after having recovered from the shock, fell

to wondering whether the faded little spinster, after having for sixty-three

years pinched and scraped and plain

sewed just to keep soul and body to

gether, would, after all, get much com-

fort from her eleventh hour opulence.

The state of little Miss Mitfield's

mind was revealed when her next door

neighbor inquired what she should do

with her money - did she mean to

Coffee With Milk.

For many years after coffee was first

drunk in Europe, says the Manchester

Guardian, no one thought of mixing it

with milk any more than the Turks

and Arabs do now. The use of coffee

au lait seems to date from 1687. Mme.

de Sevigne, writing to her daughter in

that year, said that a doctor much in

vogue "has taught us to mix sugar and

milk with our coffee. They make a

most delightful compound, which will

help to support me through the rigors

In a letter written seven years ear-

Steadiness in Business.

Why plugging beats dash in the bust-

ness world is explained by a business

man in the Woman's Home Compan-

"One thing that is hard for a young

man to learn is that the race in busi-

ness is not to the swift, but to the

steady," he says. "It was not until

after marriage that I learned that. Be-

fore I was looked on as a man of abil-

ity, but unreliable. I held half a dozen

jobs, one after another, and was proud

of the fact that I could apparently

make good anywhere. I went to busi-

my shoulder. As long as my boss

was good to me I would condescend

to work for him, but-I was as free

from responsibilities as the wind.

There was as good a job for me in Butte, Mont., as in Chicago. So,

while employers paid me well because

HOLD FISH TRADE FOR ALASKAN CITY

Washington, May 20,-A house bill designed to get back the salmon and halibut trade of Ketchikan, Alaska, grabbed by the Canadian port of Prince Rupert, will be introduced Monday by Congressman McGillicuddy of Maine. The department of commerce sponsors the measure.

halibut shipped into the United States lectable character stories and impermust be sent in bond from one American port to another. Canada subsidized an \$80,000 cold storage plant the harp, and the \$1,000 gold instruat Prince Rupert after the Grand ment which she plays is a master-Trunk had finished its transcontinental line. Americans were permitted to enter fish without duty at Prince Rupert if the freight was bonded through Canada to the United States. Because of this, fishermen and others were forced to change their residences to Prince Rupert.

The bill provides that no fresh or frozen hallbut or salmon from the north Pacific and its tributary waters may be admitted to the United States through a foreign country, except when shipped in bond from an Amerfcan port.

Austin, Texas, May 20 .- Governor Ferguson today authorized recruiting of nine additional units of the Texas militia, raising the quota from this state in the federal service to

"Corns All Gone! Let's ALL Kick!"

Every Corn Vanishes by Using Won-derful, Simple "Gets-It." Never Fails. Applied in 2 Seconds.

Isn't it wonderful what a difference just a little "Gets-It" makes,—on corns and calluses? It's always night somewhere in the world, with many

"Wheel I Don't Care! I Got Rid of My Corns With "Gets-It'!" folks humped up, with cork-screwed faces, gouging, picking, drilling out their corns, making packages of their toes with plasters, bandages, tape and contraptions,—and the "holler" in their corns goes on forever! Don't you do it. Use "Gets-It," it's marvelous, simple, never falls. Apply it in 2 seconds. Nothing to stick to the stocking, hurt or irritate the toe. Pain stops. Corn comes "clean off," quick, It's one of the gems of the world. Try it—you'll kick—from joy. For corns, calluses, warts, bunions.

"Gets-It" is sold everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Grants Pass and recommended as the world's best corn

Treating a Sprain.

A sprain is a straining or tear- O ing of the ligaments and capsule O which surround a joint by a sud- O den twist or wrench. There are O pain, heat and swelling at the o seat of the injury, followed lat- o er on by discoloration of the o o skin. The treatment is to put o the parts affected at complete rest. If the sprain is in a joint o of the upper extremity apply a padded splint to the inside of the o limb, then place the forearm in a large arm sling If in a joint o of the lower extremity place the patient in bed, apply a padded back splint to the limb and keep it slightly elevated. . After the limb has been put at rest apply bandages dipped in a saturated solution of epsom salts. Keep o the bandages constantly wet with the solution. If the pain is severe and cold cannot be tolerated use bot applications of the epsom salt solution.
